mission

Medical Spa Society

It is the mission of our society of professional spa and medical practitioners to promote education, communication and standards of excellence for the medical spa profession.

We are committed to providing educational forums that allow our industry to stay informed about the latest innovations and cutting-edge developments in the spa and medical fields. We offer many rich resources, which will promote strategic planning to help grow our businesses.

Our society is dedicated to the advancement of the medical spa industry in all respects including the interests of members, their staff and the consumer.

Our goal is to encourage the exchange of information and ideas, and to develop and adhere to high standards of care and a code of ethics. This will enhance the image and credibility of the entire medical spa industry.

Goals

- To promote the sound development of the medical spa industry
- To create a strict code of ethics for MSS member spas and hold them accountable for consistent, high level of operating standards
- To clearly define the unique qualities of medical spas industry and communicate this message to the consumer

about

Medical Spa Society

The Medical Spa Society is a not-for-profit professional organization designed to provide educational and networking forums for the medical and spa communities and promote excellence of care for patients. It will create national awareness for the new "medical spa" entity and develop standards of care for these facilities.

The board of directors includes leaders in the spa consulting, editorial and conference fields as well as directors of some of the best-known spas in the country.

Please join us by becoming a member of this vital organization. Board and Committee positions available to members.
